The above price list is subject to correction.

## THE BULLETIN.

### STATE TEACHERS' INSTITUTE.

DEPARTMENT OF PUBLIC INSTRUCTION.

SUPERINTENDENT'S OFFICE,  
SPRINGFIELD, ILL., May 25, 1872.

The annual session of the state normal

institute will be held, at the state normal

university, in August next, continuing

three weeks. By particular request, the

president and faculty have kindly con-

sented to devote the session mainly to

special instruction in the natural sciences,

to accommodate teachers desiring to pre-

pare themselves for examination in the ad-

ditional branches of study required by the

new school law. The services of the very

best instructors and lecturers in natural

science will be secured, so far as may be

necessary, in addition to the personal in-

structions of the president and faculty.

No pains will be spared to make the ses-

sion just what is needed in the present

emergency. As much instruction will be

given in the different branches of natu-

ral science, as the teachers present can

possibly receive in the allotted time.

I earnestly advise every teacher who

can, and who is determined to qualify him-

self for these new requirements of the

school law, to attend the Institute resolved

to make the most of its opportunities.

A thousand teachers can be accommodated

and that number or more, should be there.

No other equal opportunity will be afford-

ed prior to the fall examinations under

the new law. If teachers will immedi-

ately procure and diligently study some

good textbook in each of the enumerated

sciences, and faithfully persevere therein

till the meeting of the Institute, and then

go up to the Normal University and take

the three weeks course of drill and lectures,

there can be little doubt that a large ma-

jority of those so doing, will be able to

pass the required examination. The In-

stitute occurs during the general vacation

of the schools throughout the State, and

the time will therefore be most favorable

for the attendance of the largest number

of teachers.

But teachers are admonished not to re-

ly too much on the Institute, nor on any

account to defer the commencement of

their studies in the natural sciences. The

Institute will be supplementary to the

means of preparation recommended in

article No. 12 (current series), not a sub-

stitute therefor. All available helps will

be needed. There is a great deal of work

to be done, and not an hour to spare. It

will depend at last upon the spirit and

pluck, upon the determined personal exer-

cutions of each teacher, whether he will suc-

ceed or not. Let teachers do all they pos-

sible for themselves and for each other,

and then avail themselves of all the facili-

ties within their reach, and especially let

every one who can, make his arrangement

to attend the State Institute, resolved to

be present at the opening, and to remain

till the last hour of the last day.

For detailed information concerning the

Institute, address President Richard Ed-

wards, Normal Institute.

NEWTON BATEMAN,

Superintendent of Public Instruction.

KEEP THE HAIR UNBLEMISHED.—I

am like an old hencock—withered at the

top," said a venerable Indian Chief, point-

ing to his thin and bleaching locks. Thou-

sands of men and women in civilized so-

ciety, much younger than the old Sanga-

re, are like him, "withered at the top,"

simply because they have neglected to use

the means of preserving and beautifying

the hair which science has placed at their

disposal. If LYON'S KATHARON be faith-

fully applied once or twice a day, to the

fibers and the scalp, it is just as impos-

sible that the hair should decay, wither,

fall out or become harsh and fuzzy, as that

a meadow, duly refreshed with nightly dew

and sunlit rains, should become arid and

barren of green blades. This matches

preparation not only keeps the hair alive

and the skin of the head in a healthy and

clean condition, but actually multiplies

the filaments and imparts to them a lustre

flexibility and wavy beauty unattainable

by any other mode of treatment. It does

not, like the metallic and sulphurous hair

dyes, dry up the natural moisture of the

scalp, but supplies nutriment to the roots

of the hair and vigor to the fibers.

6-4, 60d & 1v

400 MEMBERS ADMITTED IN JAN

UARY.

FIVE HUNDRED AND TWENTY-TWO MEM-

BERS ADMITTED IN MARCH—FIVE HUN-

DRED AND TWENTY-SIX MEMBERS ADMIT-

TED IN APRIL—FIVE HUNDRED AND

FIFTY-SEVEN MEMBERS ADMITTED IN

MAY.

Such is the rapid growth of the

Protection Life Insurance Company of

Chicago, working on the Mutual contribu-

tion plan, and holding assets over eight times the amount of

its liabilities. The cost of a policy in this

company, including the annual dues for

the first year, is but \$20 to \$5,000, or \$14

on \$2,500. Medical examination \$1.

The class system is entirely

ignored—all assessments are based on the

entire membership and the age of each

one at joining. Only seven assessments

(being one dollar each for all members

between the ages of 25 and 40 years) have

been made during the past year ending

May 1st.

This is insurance at cost, and well wor-

thy of patronage. For policies or infor-

mation apply to

**R. P. ROBBINS, Agt.,**  
Protection Life Ins. Co.

6-200dtf.

JUST ARRIVED, another lot of

Wayne's patent self-ventilating Refrig-

erators and Ice Chests. We are selling

Ice Chests at the following Cincinnati

prices, viz: \$11 00, \$13 00, \$15 00, \$17-

20, etc. Refrigerators at from \$20 00 to

\$45 00, and best of city reference given

as to convenience of use and economy of

ice. Every family should have one.

5-31-30d.

**BEERWART, ORT & Co.**

An Englishman, a thorough bookkeeper

and accountant wishes to obtain employ-

ment in making up books, accounts &c.

Has first-class recommendations from last

situations. Terms moderate. Address J.

R. Pettit at this office.

Cairo, June 5th, 1872. 6-73c.

## ANNOUNCEMENTS.

### DR. D. A. PARKER FOR GREELEY

Editor BULLETIN.—Please announce me as an in-

dependent candidate for legislator in the lower

House of the General Assembly of this State.

As men in the days of honest government had

themselves, and appear before their constituents

and defend them before they could get office, I

believe they should do so now, and will say to

the voters of Jackson, Union, and Alexander

counties, without awaiting the decision of any

man or party, I am for Horace Greeley for Presi-

dent, and R. Grant Brown for Vice President and

endorse the Cincinnati platform. I am for a free

scrub race and against the primary system of

electing men to office. I am against the stock

law in this county and for the repeal of the Ohio

liquor law. I am for the abolishment of the

law to its lowest constitutional limits, and the

revision of the constitution so that intelli-

gent men shall not be disqualified to sit on it in

cases of felony. I am for free trade, equal

taxation, equal representation, and honest men

in office, even if I have to be defeated to get

them there.

D. A. PARKER, if

Mr. VERNON, Ills., April 11, 1872.

Editor Cairo Bulletin:

DEAR SIR.—Please to announce me as a candi-

date for Clerk of the Supreme Court, Southern

Grand Division of Illinois. The new constitution

provides that the Clerk of the Supreme Court

shall hereafter be elected at the November elec-

tion, instead of the June election as heretofore.

The successor of the present incumbent are to

be elected this coming fall, but will not qualify

until the present terms expire in 1873.

Respectfully,

R. A. D. WILBANKS.
